HISTORY & LEGACY

Confederation of Indian Industry

The company was founded by Late Surendra Kotkar, a Technocrat genius who started his professional career at the age of 14 years. He gained wide experience in Industry and widely acknowledged as a Master Engineer & Solutions Provider.

Successors derived his Core Strengths:

- Innovative approach to solutions.
- Strategic engineering
- Product development
- Methodical, systemized and efficient processes;
- Perfection in output.
- Team Empowerment.
- Continual Improvement.
- Commitment to delivering and satisfying Customers.
- Perseverance.

He inculcated such attributes and values of ethics & integrity in the people who were associated with him over the years; and taught them the best practices for self-development and excellent customer service. He inspired teams to go beyond ordinary levels in their profession – to research & study, to work hands-on, to applying experience to the emerging needs and challenges with remarkable performances.
