Wipro 3D is a part of Wipro's strategic initiative into the future of manufacturing. Since its inception, Wipro 3D has quickly grown into a leading provider of metal Additive Manufacturing Solutions and Services to the Healthcare, Aerospace, Space, Defense, Industrial & Tooling, Heavy Engineering, Automotive, and Nuclear sectors.

We offer Additive Manufacturing Consulting and Adaption Services, Additive Engineering Services, Additive Manufacturing, Research & Development Solutions as well as Design, Deployment and Operations of captive AM centres.

Wipro 3D is responding to the COVID19 pandemic by developing and offering Face Shields, Ventilator Multiplexers and Respirators.
